Expected upward trend in construction activities will increase the demand for steel roofing & walling products in the coming years.

## Coated Steel Business

## **Annexure 4 - Remuneration Policy of Directors, KMPs and other employees**

The philosophy for remuneration of directors, Key Managerial Personnel (“KMP”) and all other employees of TBSL (“Company”) is based on the commitment of fostering a culture of leadership with trust. The remuneration policy is aligned to this philosophy.

This remuneration policy has been prepared pursuant to the provisions of Section 178(3) of the Companies Act, 2013 (“Act”). In case of any inconsistency between the provisions of law and this remuneration policy, the provisions of the law shall prevail and the company shall abide by the applicable law. While formulating this policy, the Nomination and Remuneration Committee (“NRC”) has considered the factors laid down under Section 178(4) of the Act, which are as under:

“(a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;

(b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and

(c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals”

For all matters related to remuneration to directors, the Shareholders may make suggestions from time to time, to Chairman, NRC or to members of the NRC, who may incorporate the same while recommending to the Board.

All remuneration of Directors and KMP must be approved by the Board.

Key principles governing this remuneration policy are as follows:

### **1. Remuneration for independent directors and non-independent non-executive directors**

1.2. Independent directors (“ID”) and non-independent non-executive directors (“NED”) may be paid sitting fees (for attending the meetings of the Board and of committees of which they may be members). Quantum of sitting fees and NED Commission may be subject to review on a periodic basis, as required.

1.3. Within the parameters prescribed by law, the payment of sitting fees and commission will be recommended by the NRC for adoption to the Board.

1.4. Overall remuneration (sitting fees and commission) should be reasonable and sufficient to attract, retain and motivate directors aligned to the requirements of the company (taking into consideration the challenges faced by the company and its future growth imperatives).

1.5. Overall remuneration practices should be consistent with recognized best practices.

1.6. The aggregate commission payable to all the NEDs and IDs will be recommended by the NRC to the Board based on company’s performance, profits, return to investors, shareholder value creation and any other significant qualitative parameters as may be decided by the Board.

1.7. The NRC will recommend to the Board the quantum of commission for each director based upon the outcome of the evaluation process which is driven by various factors including attendance and time spent in the Board and committee meetings, individual contributions at the meetings and contributions made by directors other than in meetings.

1.8. In addition to the sitting fees and commission, the company may pay to any director such fair and reasonable expenditure, as may have been incurred by the director while performing his/ her role as a director of the company. This could include reasonable expenditure incurred by the director for attending Board/ Board committee meetings, general meetings, court convened meetings, meetings with shareholders/ creditors/ management, site visits, induction and training (organized by the company for directors) and in obtaining professional advice from independent advisors in the furtherance of his/ her duties as a director.

The specific amount payable to the MD/ EDs would be based on performance as evaluated by the Board or the NRC and approved by the Board.

2.2.6. The company may provide the rest of the employees a performance linked bonus and/or performance linked incentive. The performance linked bonus/performance linked incentive would be driven by the outcome of the performance appraisal process and the performance of the company.

## **3. Remuneration payable to Director for services rendered in other capacity**

The remuneration payable to the Directors shall be inclusive of any remuneration payable for services rendered by such director in any other capacity unless:

- The services rendered are of a professional nature; and
- The NRC is of the opinion that the director possesses requisite qualification for the practice of the profession.

## **4. Premium on Insurance policy**

4.2. Where any insurance is taken by the Company on behalf of the Company’s MD/EDs, KMP and any other employees for indemnifying them against any liability in respect of any negligence, default, misfeasance, breach of duty or breach of trust for which they may be guilty in relation to the company, the premium

paid on such insurance shall not be treated as part of the remuneration. Provided that if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the remuneration.

**5. Policy implementation**

The NRC is responsible for recommending the remuneration policy to the Board. The Board is responsible for approving and overseeing implementation of the remuneration policy.

**6. Review of the Policy**

This Policy will be reviewed and reassessed by the NRC as and when required and appropriate recommendations shall be made to the Board to update this Policy based on changes that may be brought about due to any regulatory amendments or otherwise. Notes to financial statements for the year ended 31<sup>st</sup> March, 2015

39. During the year, in view of not having taxable profits, the Company has not made any provision for Income Taxes in the Books of Accounts. The Company maintains the information and documents as required under the transfer pricing regulations under sections 92-92F of the Income Tax Act, 1961. The management is of the view that its international and domestic transactions to which the above regulations apply, are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation, if any.
40. Though the Company has continued incurring losses during the year, the Company's operations have stabilized resulting in lower losses as compared to the previous corresponding year. While the delay in commencement of operations at the Jamshedpur plant had majorly contributed to the accumulated losses, the company has scaled up its operations over the last two years. The significant sales growth achieved and steps taken to reduce cost of production through various cost reduction initiatives have contributed to improved financial results. Management believes that the increasing turnover and reduced production and overhead costs will lead to profitable growth in the coming years and the company will continue to operate uninterruptedly and settle its obligations as they fall due.
41. Previous year figures have been regrouped / reclassified wherever necessary to correspond with the current year classification / disclosure.
