COLORBOND® SPECTRUM SERIES

# BUILD YOUR BOLD WITH PROMINENCE

COLORBOND® Spectrum Series, is an ultimate solution for beauty without compromising on durability & flexibility. Here Metallic hues create distinct structural surfaces, blending-in with the environment, through subtle yet remarkable effects; giving life to monumental landmarks.

Copper

Gudang Garam Manufacturing, Indonesia

# BUILD YOUR BOLD WITH PASSION

Metallic finish is achieved through the addition of high performance metallic pigments (mica particles), which allows paint to exhibit different characteristics in colour & appearance in different time & angle for a supremely spectral effect of a dual tone.

Metallic Grey

# BUILD YOUR BOLD WITH RESILIENCE

Beautiful hues transcend boundaries with greater adaptability within extreme conditions. So does COLORBOND® Spectrum Series, with its unique alloy that strengthens your creation, enabling longer life with greater performance!

Sky Ridge

# BUILD YOUR BOLD WITH **EXPERIENCE**

Reliability is the basis of a strong brand. COLORBOND® steel is backed with a rich legacy of more than fifty years. It can be seen on many structures globally as cladding material for the aesthetic value it brings to the structure.

Pearl Dark Grey

COLORBOND® SPECTRUM SERIES

# BUILD YOUR BOLD WITH **EXPERTISE**

Being versatile is integral to COLORBOND® Spectrum Series. It has carved its niche within several progressive segments such as commercial complexes, institutions, manufacturing facilities, warehouses, metro stations & more. You will find COLORBOND® steel in almost every walk of life due to its experience and expertise.

Metallic Silver

# BUILD YOUR BOLD WITH CONFIDENCE

Transform your spaces into visual, vibrant masterpieces. With an array of spectacular shades in COLORBOND® Spectrum Series, create outstanding combinations for your exterior cladding with complete peace of mind!

Champagne Gold

Warehouse, Malaysia

COLORBOND® spectrum series

# BUILD YOUR BOLD

Stylish | Sustainable | Superior Performance

COLORBOND® spectrum series enables transformation through creavity in architecture, leaving your mark forever!

✓ Stylish with Superior Paint Adhesion

The coating of COLORBOND® steel is patented formulation to resist cracking and peeling during roll forming and usage due to its stable resins and inorganic pigments that do not break down easily even under severe UV radiation, thus preventing fading and chalking for longer.

✓ Sustainable with Thermal Efficiency

Resilient structures built with COLORBOND® spectrum series are lead free, RoHS compliant and suitable for water harvesting. COLORBOND® steel is powered by Thermatech® Technology that enhances roof's thermal performance, ensuring lesser energy consumption.

✓ Superior Aesthetics with Proven Performance

COLORBOND® steel is tested by various methods to evaluate its performance in different environments. It is not just subjected to laboratory tests, but also out door exposure tests, to assess its paint performance.

Offers a Vibrant Selection to Match Your Prestigious Designs
