Classrooms

Speedy completions

EZYBUILD® is an advanced, light-weight pre-engineered steel framing solution; apt for smart structures like schools, institutions and colleges.

Cafeterias

Customised layouts to fit in available spaces

EZYBUILD® Solutions come with high strength steel roof and wall cladding profiles; backed with THERMATECH® Technology ensuring high reflectivity with cooler comforts for a peaceful meal.

Auditoriums

Tata BlueScope Steel Assurance

Strong & Robust Structure

Zero Maintenance

4 Times Longer Life*

Large clear spaces with seamless views

Accurate dimensions and design flexibility provides clear span for accommodating more than sufficient.

Customised Engineered Solution

Easy to Erect

Lowered Ambient Temperature[#]

[#]The Roof and Wall cladding profiles are backed by THERMATECH[®] Technology

*Compared to Z275 steel under similar weather conditions. Please refer our website for more information.

Recreation Room

A perfect place for multipurpose needs

Strength and rigidity allows for longer spans and wider spaces to suit your needs.

Sports Complex

Aesthetically Superior and Robust

EZYBUILD[®] is easy and quick to install, enabling seamless spans for athletic facilities with different widths and heights.

Utility Spaces

Modular, re-locatable structures for varied applications

Our customized purpose built structures give you hassle free experience.

Roof Top Extension

St. Xavier College, Ranchi

Convert your existing terrace into a utility area

- Lower weight of structure compared to RCC construction
- Structure designed to withstand heavy wind speeds
- Light weight members help easy and hassle-free construction on terrace
- Consistent and welding free connections
- Can be used as temporary spaces - dismantlable structure
- High strength steel coated with ZINCALUME® steel ensures robust and corrosion resistant structure

★★★★ Accolades ★★★★★

"The Construction Process was very innovative. While the work was in progress, we have not faced any kind of disturbance like noise problem (comparing to R. C. C.). The finishing is very good. We are very happy and satisfied with the product and service."

A. G. de Rozario
Director / Sr. Principal, Don Bosco Academy

"At the college of Management and various other hostels where we needed quick, strong and flexible solutions, ARK Enterprises-Authorised EZYBUILD® Solutions Providers worked more as our partner than just as a vendor to collaboratively craft durable all weather, practically efficient and reasonably priced solutions to meet our requirements."
