YEAR OF COMPLETION-2019

Veeline Media Limited, Surat

Sector: Manufacturing Facility

Area of building: 8500 Sqm Roofing &
Walling

Product: Wall Cladding - LYSAGHT
CUSTOM ORB[®] and LYSAGHT TRIMDEK[®],
Roofing - LYSAGHT TRIMDEK[®]

Transforming vision into reality, a specific design requirement of Veeline Media was delivered by Tata BlueScope Steel

Ensuring optimum quality and functionality of the structure. LYSAGHT[®] products were used in shades of green to maintain consistency with the client requirements as well as to fulfill the horizontal and vertical orientation of the design.

Highlights:

01

Unconventional design architecture for a typical manufacturing set-up

02

Introducing geometric pattern on the wall in steel without material wastage

03

Cladding of horizontal & vertical sheets for the wall as per the slope of roof and structural design of the building

04

Seamless end laps and side laps along with the smooth interphase connection between glass and metal sheet on the front wall

Customer Testimonial

Tata BlueScope Steel has always been at the forefront of enabling innovation in building materials especially for those seeking customization. With their outstanding quality and formidability of the profiles used, we were able to achieve the design pattern as planned.

Confab Engineers, Consultant.
